

FloraMask™ PT

Description:

FloraMask PT Beet Brine Odor Eliminator & Defoamer is an effective additive for beet brine deicer systems. At low treatment dosages to the beet brine solution, FloraMask PT eliminates the unpleasant beet juice odors and provides other treatment benefits as well.

- Improves the performance of deicers by lowering freeze point temperatures.
- Controls foam in the system.
- Masks the foul beet juice odor, while providing a mild evergreen pine tree scent.
- Reduces the treatment cost of beet brine deicers
- FloraMask PT composition is a proprietary formula of renewable resourced materials.

Sales Specifications:
