

FloraSolv™ LX311

Description:

FloraSolv LX311 is a cost-effective, high performance alternative to d-Limonene in many household, institutional, and industrial applications. This bio-based product is produced from renewable resources and has been formulated to provide the same solvency as d-Limonene with a pleasant citrus odor.

This product is considered low in toxicity and is readily biodegradable. It finds use in cleaning compounds and other “green” formulations.

Sales Specifications:

Appearance	Clear, Colorless Liquid
Gas Chromatography	Matches Standard
Odor	Matches Standard
Refractive Index @20°C	1.450 – 1.500
Specific Gravity @25°C	0.850 – 0.880

Packaging, Storage and Handling:

Available in bulk iso-containers, Totes (IBC’s), and 55-gallon drums. FloraSolv LX311 should be stored in cool, ventilated, fire resistant building. Shelf life is 24 months from date of manufacture in original, unopened containers.

- BHT has been added as an antioxidant.
