

FloraSolv™ LX300

Description:

FloraSolv LX300 is a cost-effective, high performance alternative to d-Limonene in many household, institutional, and industrial applications.

This specially formulated, bio-based product is produced from renewable resources and has a distinct citrus odor, substantially similar to d-Limonene. A special antioxidant package has also been added to maintain these important properties.

FloraSolv LX300 solvency is comparable to d-Limonene and commonly used petroleum distillates. This product is considered low in toxicity and is readily biodegradable. It finds use in cleaning compounds and other "green" formulations.

Sales Specifications:

Appearance	Clear, Colorless to Slightly Yellow Liquid
Gas Chromatography	Matches Standard
Odor	Matches Standard
Refractive Index @20°C	1.450 - 1.500
Specific Gravity @25°C	0.840 - 0.880

Packaging, Storage and Handling:

Available in bulk (20MT), totes (IBCs), and 55-gallon drums (Net 177 kg). FloraSolv LX300 should be stored in cool, ventilated, fire resistant building. Shelf life is 24 months from date of manufacture in original, unopened containers. Once opened, long term storage should include a nitrogen blanket to minimize oxidation.
