

Limonene 70

Description:

Limonene 70 is extracted during the production of lemon and lime juices and blended.

Limonene 70 has a characteristic odor of lemon-lime and is most often used in the manufacture of bio-based cleaning compounds, and as a flavor and fragrance additive.

Limonene 70 is similar in solvency to technical grade d-limonene. The product has a high degree of biodegradability and derivation from renewable resources.

Sales Specifications:

Appearance	Clear, Colorless to Slightly Yellow
d-Limonene GC, %	~70%
Odor	Lemon-Lime
Refractive Index @ 20°C	1.461 - 1.481
Specific Gravity @ 25°C	0.830 - 0.855

Packaging, Storage and Handling:

Available in Totes and 55-gallon drums. Store in cool, ventilated, fire resistant building. Limonene 70 is a very aggressive solvent which requires special drums for long-term storage. Re-certify quality after 24 months from date of manufacture in original, unopened drums.
